REAL ESTATE

Introducing New for 2021: Benloch Ranch, Park City. A Modern Mountain Lifestyle Community.

Thoughtfully designed amidst rolling ranch land, protected forest and some of the West's most distinguished mountain communities, Benloch Ranch is an exceptional opportunity to own a part of the modern mountain lifestyle. Ten world class ski resorts, fifteen incredible golf courses, angling on two celebrated rivers, a reservoir of boating activities and hundreds of miles of mountain biking and trail running lay only minutes beyond the back door, while five national parks and over forty state parks are within a few hours drive. Recreational opportunity and the beauty of the American West alongside the ski-town chic of Park City, the Sundance Film Festival and an international airport make Benloch Ranch one of a kind.

Imagine a place where you can simultaneously delight in modern comforts and gaze upon the vistas of the American frontier. This is Benloch Ranch—Utah's newest adventure living destination. Contact us for more information and reservations.
